TARUN RAJA

Currently studying Bachelor of Software Engineering (Honours) and a Diploma of Professional Engineering Practice at UTS. Seeking a 6-month internship to deepen my understanding of software processes, hone my coding skills and become a valuable member of your company.

EDUCATION

Bachelor of Engineering (Software)(Honours) + Diploma in Professional Engineering Practice **2020-2025(expected)**

University of Technology Sydney

Higher School Certificate **2013-2018**

Model Farms High School

- 90.45 ATAR

WORK EXPERIENCE

Software Development Studio **Aug 2022 - Oct 2022**

AGRIWEBB - UTS

- Learning TypeScript/JavaScript using Angular framework for a university project partnering with AgriWebb
- Collaborating in an agile 8-member project development student team in a 'Software Engineer' role
- Developing communication and teamwork skills in a professional workplace setting

Business Consultation Project **July 2022**

HammondCare - UTS SOUL AWARD Volunteering Business Consulting Project

- Led a 5-member university student team to provide business consultation for a large volunteering organisation, Hammondcare.
- Designed client/volunteer social media recruitment strategies that led to the implementation of various advertising campaigns through different social media platforms. The project delivered positive organisational outcomes in volunteer recruitment.
- Demonstrated team leading, communication and conflict resolution skills

Private/Contract Tutoring

Nov 2021 - Present

Private/EzyMaths Contract Tutoring

- Tutoring maths for two Year 7 and Year 8 students privately and two Year 7 students contractually through EzyMaths Tutoring.
- Improved all student's marks by a letter grade within 6 months.
- Developing time management skills while balancing university full-time study workloads.
- Enhanced communication skills with students and parents, as well as presentation skills of key maths concepts to ensure students deepen understanding and boost exam marks.

CORE SKILLS

Team Leading Skills - Demonstrated by leading a business consulting project for a volunteering organisation, HammondCare

Delivering results - Shown through the varying social media campaigns that were created as a result of the Hammondcare Business Consulting Project that I led.

Languages - Fluent speaker in English and Tamil

TECHNICAL SKILLS

Google Cloud Fundamentals: Core Infrastructure

2022

Coursera, authorised by Google Cloud

Coding/Software

2022

LANGUAGES Java, Python, TypeScript/JavaScript, SQL

SYSTEMS Windows, Linux (Ubuntu), Macintosh

SOFTWARE MS Office (Word, PowerPoint, Excel, Outlook)

VOLUNTEERING WORK

UTS SOUL Award

July 2022

- Embarked on a 10-day volunteering experience through a UTS club, The Big Lift
- Travelled to 5 different regional towns to help renovate local schools and wider communities.
- Presented the opportunity to do afore-mentioned Business Consultation Project
